43903	Chain	½ inch	050 1.9 mm	Silver Filled 050 Cable Chain (per foot)

Note: Click on the BlueMud SKU in the table above to order the item.

Instructions:

Step 1: String (in order given) onto the wire coil (to reduce waste, do not cut the wire from the coil yet):

1 – 5000 5mm Light Siam Round Bead

5 – 5150 11x6mm Peridot Modular Bead

Step 2: Repeat step 1 five more times using all the beads.

Step 3: String 1 – Antiqued Silver Plated Pewter 4x10mm Nouveau Bail onto the wire

Step 4: Turn a loop on the end of the wire, capturing the bail in the loop.

Step 5: Gather the beads against the loop on the end and form into a circular shape.

Step 6: Wrap the coil end of the wire around the neck of the loop you formed on the other end of the wire.

Step 7: Cut the wire from the coil.

Step 8: Trim the head off the head pin and cut it in half. Turn each half into a small figure 8 double loop.

Step 9: Use one figure 8 double loop to connect the Antiqued Silver Plated Pewter 16mm Rocking Horse Charm Drop to the piece of Silver Filled 050 Cable Chain 1.9mm.

Step 10: Use the second figure 8 double loop to connect the other end of the Silver Filled 050 Cable Chain 1.9mm to the Silver Plated Brass 5x6mm 20 Gauge Open Oval Jump Ring.

Step 11: Add to the jump ring the Antiqued Silver Plated Pewter 13.5mm Bow Charm Drop.

Step 12: Encircle your jump ring assembly around the neck of your formed loop on the wreath assembly. Securely close the jump ring and figure 8 double loops.

Materials:

BlueMud Sku	Style #	Quantity	Size	Description
36724	5181	12 pc	13x7 mm	Crystal 2 Hole Keystone Bead
39390	5000	12 pc	3 mm	Fern Green Round Bead (12 pk)
39882	5000	12 pc	4 mm	Fern Green Round Bead (12 pk)
43788	Charm Drop	1 pc	13.5 mm	Antiqued Silver Plated Pewter Bow Charm Drop (5 pk)
43536	Bail	1 pc	4x10 mm	Antiqued Silver Plated Pewter Nouveau Bail (5 pk)
43344	Jump Ring	1 pc	5x6 mm	Silver Plated Brass 20 Gauge Open Oval Jump Ring (100 pk)
43895	Crimp Bead	2 pc	2x2 mm	Silver Filled Crimp Bead (20 pk)
4724	Beading Wire	~ 2 ft	.018 inch	Beadalon [®] 49 Strand 30 ft. (Bright)

Note: Click on the BlueMud SKU in the table above to order the item.

Instructions:

Step 1: Cut two lengths of beading wire, one long, about 12 inches and one short, about 10 inches.

Step 2: String (in order given) onto short wire:

1 – 5000 3mm Fern Green Round Bead

1 – 5181 13x7mm Crystal 2 Hole Keystone Bead (use the hole on the narrow end of the bead).

Step 3: Repeat Step 2 until all 3mm Round and all Keystone beads are strung.

Step 4: String (in order given) onto long wire:

1 – 5000 4mm Fern Green Round Bead

1 – 5181 13x7mm Crystal 2 Hole Keystone Bead (now use the hole on the wide end of the bead).

Step 5: Repeat Step 4 until all 4mm Round and all Keystone beads are strung.

Step 6: Thread one end of the short wire through a crimp bead. Thread the other end of the short wire through the same crimp bead from the opposite side, forming a continuous circle. Now pull both ends of the short wire tight enough to collapse your circle into a slight dome or bowl shape and crimp to secure. NOTE: Once the crimp beads are crimped they are small enough to slide into the keystone bead holes. Therefore, holding the wire very taut and collapsing the circle while you crimp is key to having a circular wreath, rather than one that hangs into a droopy oval.

Step 7: Repeat Step 6 with the longer wire and trim off all excess wire.

Step 8: Open the oval jump ring and thread onto it:

1 – Antiqued Silver Plated Pewter 4x10mm Nouveau Bail

1 – Antiqued Silver Plated Pewter 13.5mm Bow Charm Drop.

Step 9: Attach the jump ring assembly to the outer edge of the wreath (long wire) at the crimp bead. Close jump ring to secure.

Step 2: String (in order given) onto short wire:

1 – 5000 3mm Light Siam Round Bead

1 – 5181 13x7mm Peridot 2 Hole Keystone Bead (use the hole on the narrow end of the bead).

Step 3: Repeat Step 2 until all 3mm Round and all Keystone beads are strung.

Step 4: String (in order given) onto long wire:

1 – 5000 4mm Light Siam Round Bead

1 – 5181 13x7mm Peridot 2 Hole Keystone Bead (now use the hole on the wide end of the bead).

Step 5: Repeat Step 4 until all 4mm Round and all Keystone beads are strung.

Step 6: Thread one end of the short wire through a crimp bead. Thread the other end of the short wire through the same crimp bead from the opposite side, forming a continuous circle. Now pull both ends of the short wire tight enough to collapse your circle into a slight dome or bowl shape and crimp to secure. 43829	Wire	~ 2 ft	.032 in/.81 mm	Silver Filled 20 Gauge SOFT Round Wire Coil (1 oz)
41771	Earwire Back	2 pc	3x3.5 mm	[Not shown but recommended]

Note: Click on the BlueMud SKU in the table above to order the item.

Instructions:

Step 1: String onto the wire coil (to reduce waste, do not cut the wire from the coil yet):

24 – 5150 11x6mm Crystal Aurore Boreale Modular Beads

Step 2: Turn a loop on the end of the wire.

Step 3: Gather the beads against the loop on the end and form into a circular shape.

Step 4: Wrap the coil end of the wire around the neck of the loop you formed on the other end of the wire.

Step 5: Cut the wire from the coil.

Step 6: String (in order given) onto the wire coil (to reduce waste, again, do not cut the wire from the coil yet):

1 – 5000 6mm Fern Green Round Bead

1 – 5000 4mm Light Siam Round Bead

Step 7: Turn a loop on the end of the wire.

Step 8: Cut the wire from the coil, leaving enough wire to turn a loop on the other side of the two round beads.

Step 9: Begin to turn a loop on the end of the wire. String the wreath assembly onto your open loop through the wreath's formed loop. Close the loop to connect the two pieces.

Step 10: Open the oval jump ring and use it to attach the Antiqued Silver Plated Pewter 13.5mm Bow Charm Drop to the loop formed at the top of the wreath. Close to secure.

Step 11: Open loop on bottom of the earwire and attach to loop next to the 5000 4mm Light Siam Round Bead. Close to secure.

Step 12: Repeat steps 1-12 for the other earring.

Note: Each earring weighs approx. 13 grams or half an ounce when completed. Because of the medium to heavy weight of these earrings, combined with the swinging action of the dangling wreaths, use of Clear PVC Rubber Stoppers is recommended.
